

Mrs. Goldsmith June 15, 20 – June 19, 2020

The i-Ready Standards Mastery assessment **must be completed for reading and math this week**. It will show your next year's teachers how smart you are! 😊

Grade 3

Pick 1 activity a day and have some fun with it.

Reading - <https://www.raz-kids.com/>

I have loaded books for you to listen to or read for your enjoyment. Watch the video for directions on how to sign in to Raz-kids.

<https://www.loom.com/share/ec650368b9494100bf3481ff94828b1d>

Writing – Write a letter to incoming third grade students telling them about all the things they will learn and enjoy in third grade.

Math - Look around your house and find items that are different shapes. What items can be quadrilaterals? Make a list of five different shapes and label them.

For fun – Find a deck of cards. See if you can duplicate the picture below. How high can you go? How many cards can you use? Have fun!

Miss you bunches!

Love,

Mrs. Goldsmith
